Manager's Proposed Budget Message

Chairman Wechtel & members of the Board of County Commissioners, per the General Statutes of North Carolina, I am honored to submit for your consideration, the Madison County recommended Fiscal Year 2023-2024 (FY 24) Budget. The budget is balanced and prepared under the guidelines of the North Carolina Local Government Budget & Fiscal Control Act. The proposed FY 24 budget reflects priorities the Madison County Board of Commissioners outlined during seven budget work sessions. The recommended budget is based on a tax rate of .0050 cents per \$100 of property value, using a total valuation of \$2,620,765,658.00 with an estimated 96% Collection Rate. Tax revenue and the projected additional revenues of \$18,502,684.00 will balance the projected FY 24 \$32,052,425.00 budget.

The recommended FY 24 Budget is a fiscally responsive conservative budget. The county is fiscally healthy, with monies in the Fund Balance and revenues earmarked for specific capital projects. The proposed FY 24 budget allocates funds to support critical government functions without overextending the tax base. The following drivers influenced budget recommendations:

Employee recruiting and retention - The Madison Board of Commissioners strongly advocates for maintaining and recruiting the highest quality workforce. Employees are critical to the county's success, and this budget continues to invest in retaining and uplifting our greatest asset - the men and women serving on our team. In addition, Madison County continues to invest in the wellness of the workforce by offering superb medical, life insurance, and retirement benefits.

Services - The proposed FY 24 budget reflects maintaining current and increased levels of public safety, veteran, child support, medical, social, animal control, parks & recreation, public library, soil & water, educational, solid waste, and transportation services.

Consumer Price Index (CPI) - The CPI is higher now than in the previous budget cycle. To account for the increase in prices of everyday consumer goods and keep pace with the market, the FY 24 Budget funds a base 3% Cost of Living Allowance increase, in addition to targeted retention and recruitment increases for select positions.

Inflation affects on gasoline, medical supplies, construction materials, utilities, and across-the-board price increases, create an exponentially more expensive cost in day-to-day operations. As a result, it was necessary to incur incremental fund increases in some of our department's operating accounts.

The Jewel of the Blue Ridge

Manager's Proposed Budget Message

Procurement- This budget allocates funds to keep vehicle and Information Technology replacements on track. It also allocates additional funds for repair and maintenance, intending to maintain county vehicles and IT equipment in operation as long as possible.

The Commissioners may wish to schedule additional budget work sessions between now and June 27, 2023, to review all facets of this budget. I recommend scheduling a public hearing in consideration of the FY 2024 budget on Tuesday, June 27, 2023, at 5:30 p.m. at the Madison County Cooperative Extension Building.

The proposed FY 24 County Budget is available for public inspection at the County Manager's Office and on the county's website at <https://www.madisoncountync.gov/>.

Public comment is greatly appreciated.

Very Respectfully,

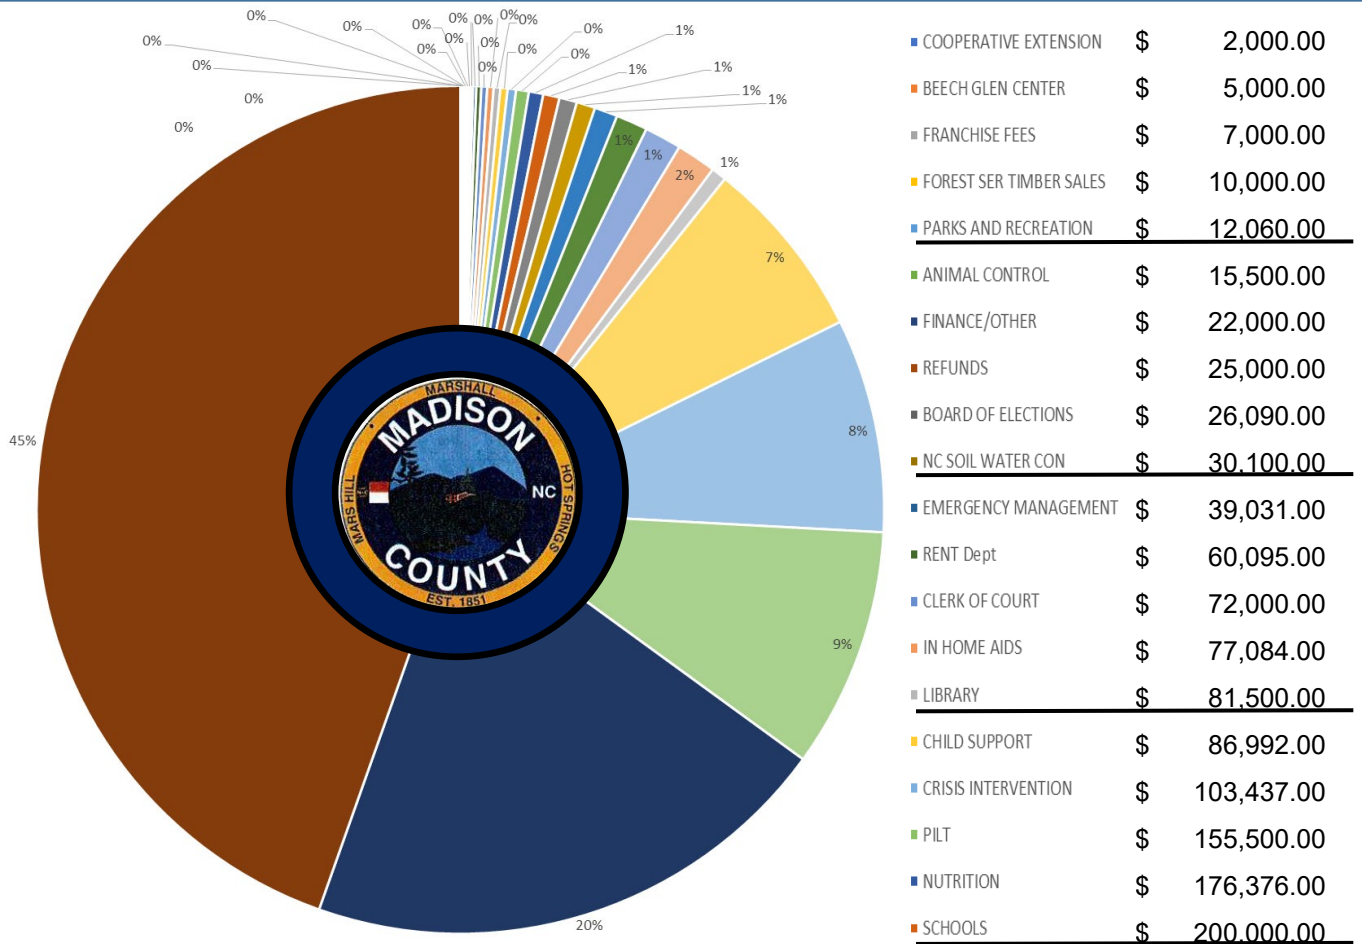

Rod H. Honeycutt
Madison County Manager

Revenue by Source
FY 2019 – FY 2024
“Top Five”

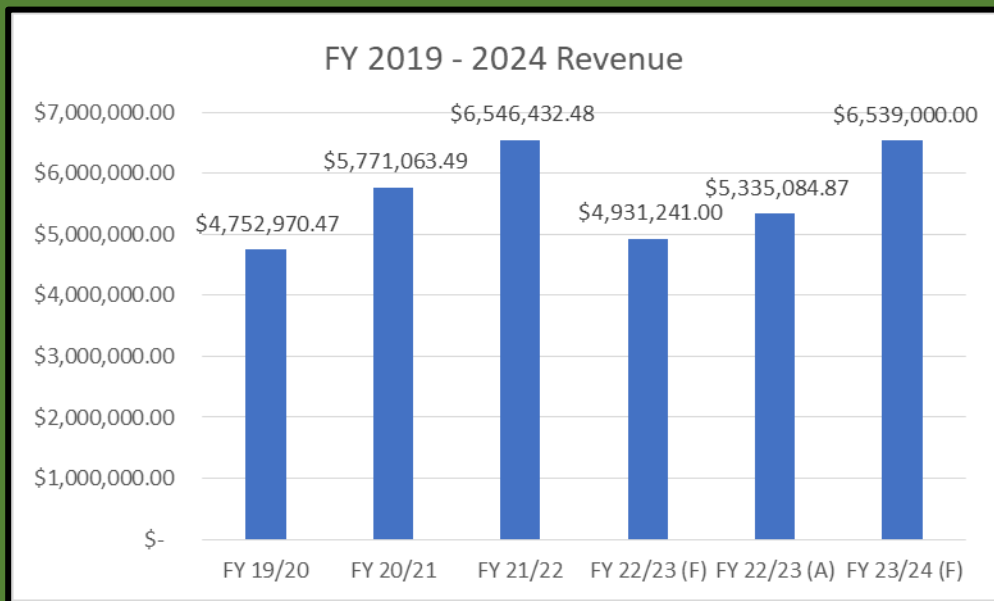

The Jewel of the Blue Ridge

AD VALOREM TAXES

The majority of tax revenue received by the County is derived from real estate and personal property. **The recommended budget includes no property tax increases.** We accounted for natural growth in the tax base. The recommended budget is based on a tax rate of .0050 cents per \$100 of property value, using a total valuation of \$2,620,765,658.00 with an estimated 96.7% Collection Rate. The remaining is based on vehicle tax collections as well as collections from prior year taxes along with the interest that incurred.

SALES TAX

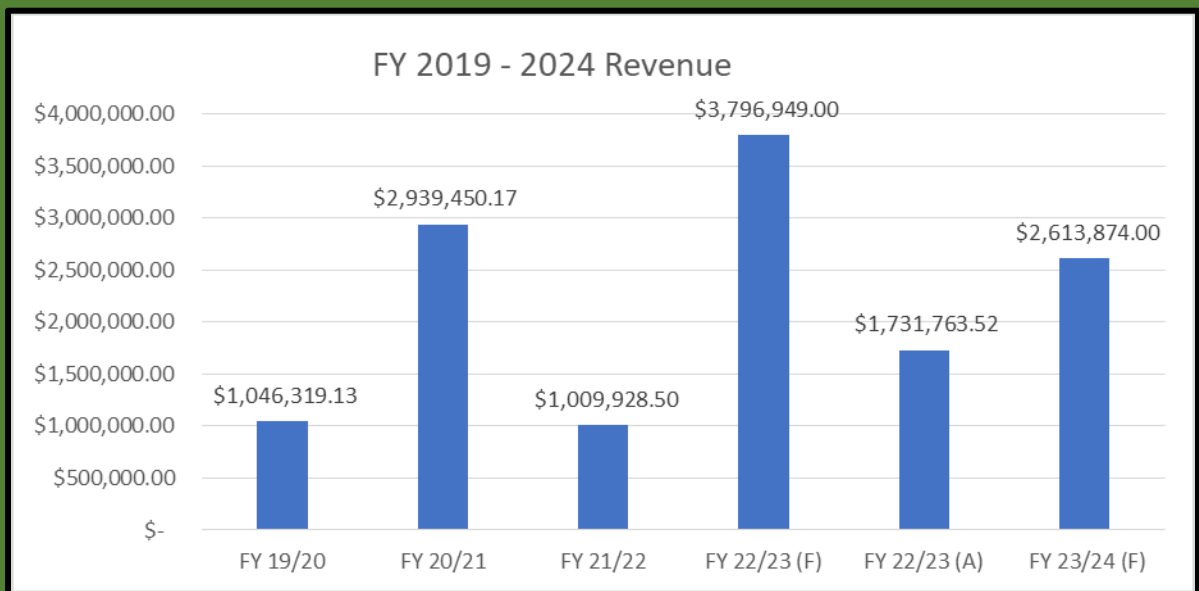

The recommended budget includes \$6,539,000.00 of sales tax in the general fund for next year. This is equal to an increase of 5% compared to predicted current year revenues. Sales Tax revenue was calculated based on projected amounts through the end of FY 23. This estimate is conservative and appropriate with the economic uncertainty stemming from the continued raising of interest rates and banking instability.

SHERIFF'S FEES

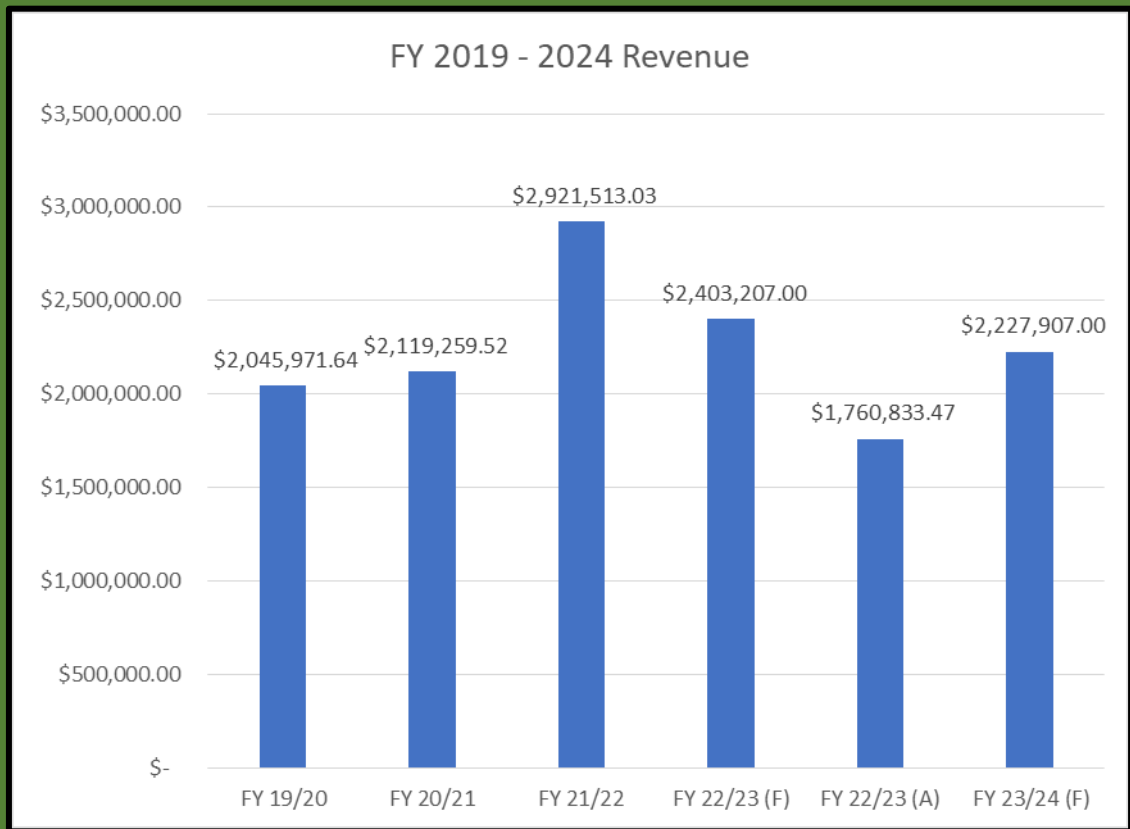

The recommended budget reflects \$2,937,836 in total revenue for the Sheriff's office. Nearly 70% in the amount received for the housing of juvenile inmates, with an expected additional of \$438,000 from the same source. The remaining amounts are received through other fees such as fingerprinting fees, civil processing fees, and inmate commission.

DSS

The recommended budget reflects revenues generally received from state and federal funding for the services that Madison County provides for its residents. Those include adoption assistance, foster care programs, Medicaid assisted programs including transportation expenses, as well as in-home aide and nutrition programs. The amounts reimbursed by the state for the latter two programs is 50%.

HEALTH DEPARTMENT

The Health Department Revenues consist of funds received from self-pay and insurance through Medical and Dental Clinic fees along with Environmental Health service fees. Other Health Department Revenues consist of Program funding from State and Federal Agreement Awards and through the continual pursuit grant application awards from federal and local resources.
