

Arrival, Departure Times and the Trip Pick-up Window:

MCTA will call customers the day before a scheduled trip to let the rider know what time they will be picked up and to allow customers to cancel trips that are no longer needed.

An MCTA vehicle may arrive to pick you up from your residence as much as two hours prior to the requested drop-off time. *It is best if you contact MCTA 828-649-2219 when your appointment has completed so that we may send the closest vehicle to retrieve you from your destination. Return trip pick-ups will be at the original drop-off location unless other arrangements are made in advance. Customers must be ready and waiting at a main entrance or curbside for the MCTA vehicle. Vehicle operators are not permitted to enter private residences, apartments, doctors' offices, grocery stores, office buildings, etc.

Curb to Curb Service:

MCTA will be waiting at the curb for you. You may receive a call to let you know that MCTA is outside your door. Vehicle operators will assist you if you are unable to maneuver from the curb into the vehicle, provided it is safe for them to do so. Vehicle operators are allowed to: maneuver a manual wheelchair if help is needed from the curb to the vehicle and lend a steady hand if assistance is needed.

Vehicle operators are not allowed to: maneuver an electric mobility devices (i.e. electric wheelchair or scooter), maneuver or push a customer or the customer's equipment or shopping cart up or downstairs, steep inclines or driveways, enter residences or lift and or carry customers.

Wait Times:

Vehicle operators may only wait for a customer up to five minutes after the vehicle arrives. You will receive a phone call to see if you are still planning to take your scheduled ride. When you have completed your scheduled appointment please call MCTA at 828-649-2219 or TDD/TYY 1-800-735-2962 to let dispatch know that you are ready for pick up. An MCTA driver will then be alerted that you are ready. Depending on the schedule and other passengers being transported you may have to wait up to 45 minutes for your vehicle to arrive to take you to your next destination. This is the nature of demand response, traffic and other passenger schedules. MCTA aims to provide efficient scheduling and pick up times, but on occasion there are extenuating circumstances that may come into play. We appreciate your patience!

Cancellations and No Shows:

If you cannot take a scheduled trip, please call and cancel as soon as possible or at least two hours before the scheduled pickup time. To cancel a trip on the day it is scheduled, call 828-649-2219 or TDD/TYY 1-800-735-2962, and speak to the office staff. After hours voicemail is available for you to leave a message. **Trips NOT cancelled by the two (2) hour deadline will be recorded as a "no-show."**

When calling to cancel a reservation please give the following information:

- Name of customer for whom the trip was scheduled
- Date of the scheduled trip
- Name and street address of the destination.
- Does the passenger need to cancel both the original and return trip?

If a MCTA vehicle arrives to pick you up at your residence and you do not board the vehicle within the prescribed 5-minute

window, the dispatcher will try to contact you via phone. If they are unsuccessful, then the trip is recorded as a “no-show.” Three (3) no-shows in 30 days will result in suspension of services for 30 days.

*The full suspension policy is available upon request.

Personal Care Attendants (PCA):

PCA is a person who goes with a customer to provide necessary medical or personal assistance. Customers who are unable to take care of themselves on the vehicle, take care of themselves at their destination, or get to and from the vehicle with minimal assistance from the vehicle operator are required to travel with a PCA. A PCA is not required to pay a fare.

*Please note some passengers, even with PCAs, may not be appropriate for MCTA vehicle transport. If your diagnosis requires a “medical necessity” transport MCTA can get you the resources with our local EMS.

Children and Youth:

A parent/guardian (over 18 years) will be required to complete an “Authorization Form of Provision of Transportation Services to Children” for any child under the age of 18 to be transported by Madison County Transportation Authority. Children under 18 must travel with a parent, guardian or Personal Care Attendant. MCTA customers must adhere to current NC Child Safety Seat Laws.

Unattended Riders:

Riders certified as unable to be left unattended (based on age, diminished mental capacity or special request of the responsible party) may schedule trips and ride unattended; however, arrangements must be made to have an attendant meet the vehicle at each location. The vehicle operator will only wait five minutes for the attendant to meet the vehicle. If no one arrives, the vehicle operator will notify the dispatcher and continue on their route. The dispatcher will attempt to reach the emergency contact person. If the rider is not met by the end of the route, they will be returned to the MCTA office. The rider will not be left unattended, and the police will be notified to assist in locating the responsible party. Riders who must continue on a route beyond their scheduled destination will be subject to suspension of services due to safety concerns. *Full termination/suspension policy is available upon request.

Service Animals under ADA Title II and Title III and Pets:

A service animal means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.

Examples of animals that fit the ADA's definition of "service animal" because they have been specifically trained to perform a task for the person with a disability:

Guide Dog or Seeing Eye® Dog¹, Hearing or Signal Dog, Psychiatric Service Dog, SSigDOG (sensory signal dogs or social signal dog) and a Seizure Response Dog.

Under Title II and III of the ADA, service animals are limited to dogs. However, entities must make reasonable modifications

in policies to allow individuals with disabilities to use miniature horses if they have been individually trained to do work or perform tasks for individuals with disabilities. The customer is responsible for the care and behavior of the service animal.

Customers may travel with service animals, but pets are not permitted on any vehicle. Animals at a residence must be restrained prior to MCTA vehicle operators providing any customer assistance. A vehicle operator unable to access a customer's home due to a loose animal must notify the dispatcher. If the dispatcher is unable to make contact with the customer, or the customer does not board, the trip will be recorded as a no-show and the return trip cancelled.

Carry-On Items:

Due to space limitations and safety requirements, we ask you to consider what is necessary for your trip. Vehicle operators are permitted to assist in loading and unloading packages from the vehicle within reason and necessity.
