The purpose of the Madison County Office of Emergency Management (MCEM) Unmanned Aircraft System (UAS) policy is to set out clear guidelines for the operation of vehicles in support of the services provided by MCEM, Madison County Public Safety agencies, surrounding area Public Safety agencies, and any other entity needing aerial assistance pending approval from the UAS Coordinator and the Emergency Management Coordinator.

II. MISSION

Madison County's UAS team is available to support public safety agencies in Madison County and in surrounding counties by providing UAS support during public safety incidents. Missions will be accomplished efficiently and safely while respecting the law and the privacy of the citizens we serve.

III. SCOPE

- A. This policy shall apply to all MCEM personnel and pilots authorized to operate UAS in support of the MCEM mission.
- B. This policy is divided into the following authorized mission categories:
 - 1. Structure Fires
 - 2. Wildland / Outdoor Fires
 - 3. Search and Rescue Operations
 - 4. Post Incident/Disaster Response and Assessment
 - 5. Large Event/Incident Operations
 - 6. Training, Testing, Evaluation, or Demonstration Purposes
 - 7. Other types of missions with approval of the UAS Coordinator and the Emergency Management Coordinator.

IV. UAS AIRCRAFT

- A. MCEM UAS aircraft must meet the following:
 - a. Aircraft must be registered and marked in accordance with FAA and State of North Carolina regulations.
 - b. Must be owned, leased, or rented by MCEM unless specifically approved by the Emergency Management Coordinator and the UAS Coordinator.

V. UAS TEAM PERSONNEL

- A. UAS Team Members
 - a. UAS Pilots
 - i. All MCEM pilots authorized to operate the UAS must meet the required minimum qualifications as put forth by the Federal Aviation Administration (FAA) for the operation of UAS aircraft. This requires at a minimum, that the pilot holds a valid FAA pilot certificate of operation for UAS aircraft, and the certificate is

active. Additionally, authorized pilots must possess a valid North Carolina government UAS operator permit obtained from the North Carolina Department of Transportation, Division of Aviation permitting them to conduct commercial/governmental operations.

b. Visual Observers

- i. All MCEM UAS team members must complete a training class to become a qualified approved Visual Observer (VO) to assist the MCEM pilot during the operation of the UAS. The primary responsibility of the VO will be to ensure the UAS remains clear of any potential collision hazard, maintain an awareness of the position of the UAS, and effectively communicate with the pilot.
- c. MCEM UAS team members shall not participate in UAS operations:
 - i. If they are suffering from or are likely to suffer from fatigue;
 - ii. Within 12 hours after consuming an alcoholic beverage;

VI. APPROVED UAS MISSION CATEGORIES

A. Structure Fires

- a. The MCEM UAS can serve a valuable role during a structure fire.

 Utilizing both the visual and FLIR (Forward Looking Infrared) camera on the aircraft, the IC can obtain valuable information about the status of the fire, building, and responders on scene.
- b. Flight operations during a structure fire will be at the request of the IC but all operations are to be conducted in the manner approved by the pilot.

B. Wildland / Outdoor Fires

- a. Wildland fires can create a secondary complication regarding the operation in that the visual line of sight (VLOS) if tall trees obstruct the pilot's view of the UAS. The pilot must make all efforts to maintain VLOS. This may be accomplished either by relocating the takeoff and recovery location or through the use of VOs.
- b. The utilization of the UAS at a wildland or other outdoor fire will allow the IC to determine the extent of the fire and/or areas of the fire that should be prioritized. Utilizing the FLIR camera will provide additional information not otherwise available.
- c. Flight operations during a wildland/outdoor fire will be at the request of the IC but all operations are to be conducted in the manner approved by the pilot.
- d. UAS operations may not be approved by North Carolina Forest Service due to firefighting aircraft in the area of the fire. The pilot shall make contact with NCFS upon their arrival on scene to gain approval for flight operations.

C. Search and Rescue Operations

- a. Depending on the target search area, there may be complications regarding the operation in that the visual line of sight (VLOS) if tall trees obstruct the pilot's view of the UAS. The pilot must make all efforts to maintain VLOS. This may be accomplished either by relocating the takeoff and recovery location or through the use of VOs.
- b. Utilizing the FLIR camera, the UAS will have significant capabilities otherwise not available for the location of missing or injured persons.

D. Post Incident/Disaster Response and Assessment

- a. As soon as practical for aerial operations, and under guidance of IC, the UAS will assist with damage assessment over areas that would be deemed a priority for damage assessment. Video and photos will be evaluated for the need of secondary flights.
- b. The utilization of the UAS at a post incident/disaster assessment will allow the IC and Emergency Operations Center (EOC) to determine the extent of the damage caused by large scale disasters to determine priority of resources and response.

- E. Large Events/Incident Operations
 - a. The utilization of the UAS during a large event/incident may assist with aerial assessment of crowd situations to aid in identifying safety issues.
- F. Training, Testing, Evaluation, or Demonstration, Purposes.
 - a. The utilization of the UAS by MCEM pilots for training, testing, evaluation, or demonstration purposes will provide the pilots with continued experience of the MCEM UAS equipment.
- G. Other Approved Missions
 - a. The UAS may be utilized on other types of missions not included above. These missions shall have the approval of the UAS Coordinator and the Emergency Management Coordinator. During these missions, if approved, the UAS pilot has sole discretion regarding the safety of the UAS operation and may decline the mission if they believe that they cannot perform their duties safely.
 - b. These missions include but are not limited to:
 - i. Assist with aerial documentation of crime scenes.
 - ii. Assist with the apprehension of escaped inmates charged with a felony or individuals suspected of a felony that are fleeing from law enforcement.
 - 1. The UAS shall not be utilized to assist in locating individuals either charged with or suspected of any misdemeanor or lesser offense.
 - 2. The UAS pilot has sole discretion regarding the safety of the UAS operation and may decline to assist if they believe that they cannot perform their duties safely.

 - 1. The UAS pilot has sole discretion regarding the safety of the UAS operation and may decline to assist if they believe that they cannot perform their duties safely.
 - v. Aerial visual support for County agencies for building and/or structure maintenance on county property.

1. The UAS pilot has sole discretion regarding the safety of the UAS operation and may decline to assist if they believe that they cannot perform their duties safely.

VII. UAS OPERATIONS

A. Pre-Flight Operations

- a. Preflight activities are the duty of the pilot before the start of any flight. Activities include inspection of the aircraft, assessment of the operating location, briefing team members involved in the operation, and equipment checkouts. All flight operations should be conducted in accordance with the provision of 14 CFR Part 107, state and local regulations, this policy, and the operator's manual for the subject aircraft.
- b. The UAS will be required to be held in an operational status at all times practical. This will require regular review of hardware and software and inspection of all components to maintain operational use and mission readiness.

c. Planning

- i. The UAS team should be familiarized with all available information pertaining to the flight such as take-off/recovery, including but not limited to the operational limitations of Part 107, weather conditions, hazards, no fly zones, etc.
- ii. North Carolina state statues require land-owner approval before operations take place.
- iii. When arriving at the scene of a MCEM mission, the pilot will position their vehicle in such a location that would permit for the safe launch and recovery of the UAS. The launch and recovery location of the UAS will be determined by the pilot and may or may not be co-located with the incident command location if, at the sole discretion of the pilot, the mission can be better and safer accomplished from an alternate launch and recovery location.
 - 1. At least one (1) emergency landing area should be identified before the start of operations.
 - 2. If members of the public are nearby, the pilot will then tape off a no entry zone for all others not to enter. This will be at least a 10-foot radius around the proposed takeoff and recovery point and the emergency take-off and recovery point.
- iv. The pilot should be aware of all surroundings in the event that an emergency landing is necessary. This includes the ability to recover the UAS.
- v. The pilot may utilize

d. Inspection

i. Before the first flight of the day, verify that all batteries are fully charged.

- ii. Check the airframe for signs of damage, and its overall condition.
- iii. Check the entire aircraft per the pre-flight inspection instructions in the operator's manual for the specific aircraft to make sure it is in good structural condition and no parts are damaged, loose, or missing.
- iv. Check the props for chips, cracks, looseness, and any deformation.
- v. Check that camera(s) and mounting systems are secure and operational.
- vi. Perform an overall visual check of the aircraft prior to arming power systems.
- vii. Repair or replace any part found to be unsuitable to fly during the pre-flight procedures prior to take-off.

e. Weather

- i. Before each flight, the pilot and other team members should ensure that they gather enough information about the existing and anticipated near-term weather conditions throughout the entire mission.
- ii. Wind direction plays a major factor in flight operations. Pilots should take precautions to ensure that wind conditions do not exceed the aircraft limits stated in the aircraft operations manual/specifications.
- iii. The pilot should ensure that the flight will occur within the weather requirements specified in Part 107.51 (c-d), at least 3 statute miles, the UAS must be kept at least 500 ft. below a cloud and at least 2,000 ft. horizontally from a cloud.

f. Pre-Flight Inspection

i. Preflight inspection is required under Part 107.49; the MCEM pilot is required to complete the preflight inspection and submit this along with the required MCEM UAS Mission Report.

g. Flight Plan

- i. Before each mission, the UAS pilot shall submit a flight plan by using the Aloft or AirMap apps.
- ii. Information from this flight plan shall also be included on the MCEM UAS mission Report.

h. Restricted Airspace Authorizations

- i. If a mission requires flight within a restricted airspace, the MCEM pilot is required to submit a request and obtain Low Altitude Authorization and Notification Capability (LAANC) authorization.
- ii. This may be completed by utilizing the Aloft app.

B. During Flight Operations

a. MCEM UAS pilots will operate the aircraft at all times with the safety of the public as the primary goal while making efforts to accomplish the specific mission at hand.

- b. All MCEM operations shall be in compliance with the FAA issued UAS operation guidelines AC-107-2A which are attached to this policy. In addition, when operating at night, the UAS must have active visual strobe lights operational to allow for the identification of the craft in the air.
- c. The MCEM UAS pilot will operate under the direction of the Incident Commander (IC), but the pilot maintains the sole and exclusive responsibility of operating the UAS in a manner acceptable to the pilot. This might mean the refusal to fly if the situation is determined to be unsafe.
- d. It will be the decision of the IC to determine when the UAS should be dispatched to the approved incident mission types.
- e. The MCEM pilot will be required to be in radio contact with the IC and VOs at all times.
- f. Part 107.39 does not permit UAS operations over persons not directly involved in the operation. Flights taking place over populated areas, heavily trafficked roads, or an open-air assembly of people is not allowed under regulation (unless through waiver). If the mission dictates that flight operations be conducted in such area, the pilot will need to obtain a waiver before conducting a flight.
- g. Upon any failure during the flight or any loss of visual contact with the UAS, the pilot should command the aircraft back to the recovery location or utilize the built-in fail-safe features to recover the aircraft. Emergency procedures as defined in the specific UAS operator's manual should be followed.

C. Post Flight Operations

- a. The pilot should scan the landing area for potential obstruction hazards and recheck weather conditions.
- b. The pilot should announce to the team that the aircraft is on final approach and is inbound to land.
- c. The pilot should always be prepared to reject or abort a take-off or recovery if the team becomes aware that such an operation cannot be safely made due to an unexpected weather situation, emergency, hazard, or miscalculation.

d. After landing:

- i. Shut down the UAS and disconnect the batteries
- ii. Inspect the aircraft for signs of damage and/or excessive wear.
- iii. Verify that mission objectives have been met.
- iv. Follow procedures under captured data section of this policy.
- v. Complete required documentation.
- vi. In case there are multiple flights to be conducted, repeat checklist steps to prepare the aircraft for launch again.

D. Emergency Procedures

- a. Emergency procedures are specific to each UAS tope as designed by the manufacturer. It is the responsibility of the UAS team to be proficient with the aircraft operational manual provided by the manufacturer before any flight operations are conducted. The Emergency procedures checklist identifies some possible emergencies due to system failure and ways to mitigate and respond to these emergencies. These include:
 - i. Loss of Datalink communications
 - ii. Loss of GPS
 - iii. Autopilot Software error/failure
 - iv. Loss of and engine
 - v. Ground control system failure
 - vi. Intrusion of another aircraft into the UAS mission airspace

E. Accident Reporting

- a. If an accident should occur involving the MCEM UAS, the pilot should immediately notify the IC, all members of the UAS team that are on scene, and the UAS Coordinator.
- b. Within 10 calendar days after an accident (as defined by regulation) and before additional flights, MCEM will provide notification to the FAA per Part 107.9.
 - i. The FAA defines an accident as when:
 - 1. Any person suffers death or serious injury.
 - 2. Damage to any property, other than the UAS, if the cost is greater that \$500 to repair or replace the property if the value of the property is greater than or equal to \$500.
 - ii. The accident report can be submitted to the FAA Regional Operations Center (ROC) electronically at https://www.faa.gov/uas/report_accident/ or by telephone at 404-305-5156.

The Board of County Commissioners and Norris Gentry, County Manager Madison County, North Carolina 107 Elizabeth Lane Marshall, North Carolina 28753

Attn: Kary Ledford, Financial Officer and Norris Gentry, County Manager

We are pleased to confirm our understanding of the services we are to provide Madison County, North Carolina (the County) for the year ended June 30, 2022.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, including the disclosures, which collectively comprise the basic financial statements, of Madison County, North Carolina as of and for the year then ended. These statements will include the budgetary comparison information for the General Fund. We will obtain and place reliance on the report of other auditors for the Madison County Housing Authority, a discretely presented component unit of the County. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the County's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the County's RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited:

- 1. Management's Discussion and Analysis (MD&A).
- 2. Schedule of County's Proportionate Share of the Net Pension Liability LGERS.
- 3. Schedule of County Contributions LGERS.
- 4. Schedule of Changes in Total Pension Liability LEOSSA
- 5. Schedule of Total Pension Liability as a Percentage of Covered Payroll LEOSSA

- 6. Schedule of County's Proportionate Share of the Net Pension Liability (Asset) Register of Deeds' Supplemental Pension.
- 7. Schedule of County Contributions Register of Deeds' Supplemental Pension.

We have also been engaged to report on supplementary information other than RSI that accompanies the County's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS and will provide an opinion on it in relation to the financial statements as a whole:

- 1. Schedule of expenditures of federal and state awards.
- 2. Combining and individual fund statements.
- 3. Supplemental ad valorem tax schedules

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinions about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP, and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on -

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State of North Carolina Single Audit Implementation Act (State Single Audit Act).

Auditor's Responsibilities for the Audit of the Financial Statements and Single Audit

We will conduct our audit in accordance with GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance and the State Single Audit Act, and will include tests of accounting records, a determination of major program(s)

in accordance with the Uniform Guidance and State Single Audit Act, and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we will exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, Government Auditing Standards do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and Government Auditing Standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

We plan to obtain and place reliance on the report of other auditors for the Madison County Housing Authority, a discretely presented component unit of the County, assuming that our communications with the other auditors and review of their audit report and the financial statements of the Madison County Housing Authority provide sufficient and appropriate audit evidence on which to base our overall opinion on the aggregate discretely presented component

units (If we are referencing another auditor in our audit report then this paragraph is necessary – if we are not referencing another auditor then you do not need this paragraph).

We have identified the following significant risk(s) of material misstatement as part of our audit planning:

1. Management's override of internal controls.

Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Government Auditing Standards.

As required by the Uniform Guidance and State Single Audit Act, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance and State Single Audit Act.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, Government Auditing Standards, and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Madison County, North Carolina's compliance with provisions of applicable laws, regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance and State Single Audit Act requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina for the types of compliance requirements that could have a direct and material effect on each of Madison County's major programs. For federal and/or state programs that are included in the Federal or State Compliance Supplements, our compliance and internal control procedures will relate to the compliance requirements that the Federal or State Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on Madison County's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance and State Single Audit Act.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal and state awards, and related notes of the County in conformity with U.S. generally accepted accounting principles and the Uniform Guidance and State Single Audit Act based on information provided by you. These nonaudit services do not constitute an audit under Government Auditing Standards and such services will not be conducted in accordance with Government Auditing Standards. We will perform these services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal and state awards, and related notes services previously defined. We, in our sole professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Responsibilities of Management for the Financial Statements and Single Audit

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal and state awards, and all accompanying information in conformity with accounting principles generally accepted in the United States of America; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal and state awards, all financial records and related information available to us and for the

accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. You are also responsible for coordinating our access to information relevant to the preparation and fair presentation of the financial statements of component units which may include discussions with component unit management and their auditors. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal and state awards; federal award programs; state award programs; compliance with laws, regulations, contracts, and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. You are also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report. Additionally, as required by the Uniform Guidance and State Single Audit Act, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal and state awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and to prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review subsequent to the start of fieldwork.

With regard to an exempt offering document with which Mauldin & Jenkins is not involved, you agree to clearly indicate in the exempt offering document that Mauldin & Jenkins is not involved with the contents of such offering document. In the event that Mauldin & Jenkins is requested to be involved with an exempt offering document, you agree that the aforementioned auditor's report or reference to Mauldin & Jenkins will not be included without our prior permission or consent. Furthermore, any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

You are responsible for identifying all federal and state awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal and state awards (including notes and noncash assistance received, and COVID-19 related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal and state awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal and state awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal and state awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal and state awards no later than the date the schedule of expenditures of federal and state awards is issued with our report thereon. Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal and state awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to Madison County, North Carolina; however, management is responsible for distribution of the reports and financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Mauldin & Jenkins and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to North Carolina Local Government Commission or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Mauldin & Jenkins personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by a regulatory body. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party (ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit on approximately September 8, 2022 and to issue our reports no later than December 1, 2022. James Bence is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. Our fee for these services will be \$55,000 for the year ended June 30, 2022. Our fee includes the peformance and reporting of up to four major programs for the federal and state single audit. Our hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered as work progresses and are payable upon presentation. The above fees are based on anticipated cooperation from your personnel (including complete and timely receipt by us of the information on the respective client participation listings) and the assumption that unexpected circumstances (including scope changes) will not be encountered during the audit. If significant additional time is necessary, we will discuss it with management and arrive at a new fee estimate before we incur the additional costs.

As a result of our prior or future services to you, we might be requested or required to provide information or documents to you or a third party in a legal, administrative, arbitration, or similar proceeding in which we are not a party. If this occurs, our efforts in complying with such requests will be deemed billable to you as a separate engagement. We shall be entitled to compensation for our time and reasonable reimbursement for our expenses (including legal fees) in complying with the request. For all requests we will observe the confidentiality requirements of our profession and will notify you promptly of the request.

Reporting

We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the Members of the Board of Commissioners for Madison County, North Carolina. We will make reference to other auditor's report on the Madison County Housing Authority in our report on your financial statements. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may

be necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs to our auditor's report, or if necessary, withdraw from this engagement. If our opinions on the financial statements or the Single Audit compliance opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue reports, or may withdraw from this engagement.

The Government Auditing Standards report on internal control over financial reporting and on compliance and other matters will state (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.
