

Dear Friend,

We want to assure you that we take the health and well-being of our community, very seriously. Like you, we're closely monitoring the quickly developing effects of the Coronavirus (COVID-19) pandemic.

Last night, the United States Senate approved COVID 3.5 funding for small business and hospitals, which will provide more sources of support for small businesses and hospitals that have been negatively impacted by the COVID-19 virus. If you are a small business owner and would like to apply for the funding, please apply with [Mountain Bizworks](#) or the [Western Women's Business Center](#), today!

"[Mountain BizWorks](#) and the [Western Women's Business Center](#) are taking steps to ensure business owners and entrepreneurs have the resources that they need to get through this crisis and prepare for economic recovery." Both organizations are currently taking applications to assist as many small businesses from Western North Carolina as possible.

Additionally, if you want information on Madison County's efforts regarding the COVID-19 virus visit www.MadisonCountyNC.gov.

For more information about COVID-19 and what you can do to remain healthy and safe, visit the Centers for Disease Control at cdc.gov or [Madison County's Health Department's](#) website at www.madisoncountyhealth.org

Please note: You can access the websites of the organizations by clicking on their names or logos.

Sincerely,

Madison County's Community and Economic Development Department
