Special Event Facility Proprietors:

This is a courtesy note to remind you that the Noise Ordinance and Special Event Facility amendments have been put in place and are now in effect. As a proprietor of a Special Event Facility, it is important that you are aware of these updates and that you comply with the new regulations.

The Noise Ordinance amendments include revised decibel limits and time restrictions for certain noise-producing activities. It is important that you and your guests adhere to these limits to avoid any potential violations or fines.

The Special Event Facility amendments include new requirements for permits and approvals as well as updated development standards. These regulations are designed to ensure the safety and well-being of all Madison County neighbors.

Please take the time to review these amendments and ensure that your facility and events are in compliance. Failure to comply with these regulations may result in fines or other penalties.

If you have any questions or concerns regarding these updates, please do not hesitate to contact me.

Thank you for your cooperation in this matter.

Kind Regards,

Brad Guth
Acting Zoning Enforcement Officer
